REQUEST FOR CORRECTED FILING RECEIPT

Asst. Commissioner for Patents
Washington, D.C. 20231

ATTN: Ms. Anette Rivers

Application Processing Division
Customer Correction Branch

Dear Ms. Rivers:

Applicants respectfully request immediate issuance of a corrected filing receipt for the above-identified application which acknowledges the correct mailing address of applicants' attorney as "300 South Wacker Drive" (and deletes the clearly erroneous mailing address of "300 South Wacker Street"). The reason this request is for an immediate change is because this is a change that already has been acknowledged by the Patent Office, and which applicants' undersigned attorney was reassured by the Patent Office would be changed months ago. Failure by the Patent Office to effect this simple change results in a loss of time and money, and could cause delays in prosecution of the application, since there is no guarantee that correspondence sent to the erroneous address will ultimately make its way to applicants' attorney.

By way of background, applicants' undersigned attorney placed a status call sometime in November/December 1998, at which time the undersigned was informed the application would

I hereby certify that this correspondence is being deposited with the United States Postal Service as Express Mail (EM366141143US) in an envelope addressed to the: Assistant Commissioner for Patents, Washington D.C. 20231, on March 10, 1999.

shortly go abandoned due to applicants' failure to respond to the Notice to File Missing Parts dated June 26, 1998. The undersigned responded that no such document had ever been received. Subsequently, the Patent Office acknowledged that the failure of the applicants' attorney to receive the document was likely due to the Patent Office's erroneous citation of the address as "300 South Wacker Street" (a nonexistent address) instead of as "300 South Wacker Drive". The Patent Office indicated that the address would be corrected, and a new Missing Parts mailed.

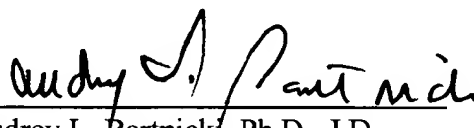

The address, however, has not been corrected, as attested to by the appended "Corrected" Filing Receipt. This document recites an INCORRECT mailing address of "300 South Wacker Street". The CORRECT mailing address, as written in red on the attached is "300 South Wacker Drive". Please change this immediately.

Furthermore, the filing receipt states that a filing fee amount of "\$1,316.00" was received by the Patent Office at the time the application was filed. This appears not to be correct. Applicants filed the application including an amount of "\$1,186.00". Applicants later paid \$130 for late filing of the Declaration. Thus, if appropriate, applicants also request that the filing fee amount be changed to "1,186.00".

If there are any questions regarding the foregoing, please contact the undersigned.

Respectfully submitted,

LICENSE FOR FOREIGN FILING UNDER Title 35, United States Code, Section 184 Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "FOREIGN FILING LICENSE GRANTED" followed by a date appears on the reverse side of this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.11. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.62 which meets the provisions of 37 CFR 5.15(a). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR Parts 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500 +) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "FOREIGN FILING LICENSE GRANTED" DOES NOT appear on the reverse side of this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
